

MASTER'S DEGREE

# FISHERIES SCIENCE

FISHERIES SCIENCE AND  
TECHNOLOGY

## ON CAMPUS

### PROGRAM DESCRIPTION

The degree of Master of Science in Fisheries Science (Fisheries Science and Technology) is a full-time, research-focused Master's degree offered by the Marine Institute's School of Fisheries. This program is for students who aim to pursue a career in fisheries science and includes skills training that will empower students to conduct publication-quality research in any aspect of fisheries science.

MARINE INSTITUTE

### ADMISSION REQUIREMENTS

Admission to the program is on a limited and competitive basis. To be considered for admission to the program, an applicant will normally possess a high second class Honours degree or an M.D. degree, or the equivalent of either, both in achievement and depth of study from an institution of recognized standing.

Any other applicant may be considered for admission provided that:

- The applicant's undergraduate record after the first year shows an average of at least Grade B in courses in the proposed field of specialization;
- The applicant's overall undergraduate record after the first year shows an average of at least Grade B in all courses taken; and
- The applicant demonstrates a commitment and passion for aquatic science, ideally in fisheries, through employment or experience in field schools, research programs, the fishing industry, regulatory agencies or government departments, nongovernmental organizations, consulting activities, or other relevant activities.

## APPLICATION DEADLINES

### FALL ADMISSION

---

**MAY 15**

### WINTER ADMISSION

---

**SEPTEMBER 15**

### SPRING ADMISSION

---

**JANUARY 15**

## TO APPLY

The application for admission or readmission is submitted online.

Applicants who are new to Memorial University should follow the application instructions at <https://apply.mun.ca/>

Current and returning applicants should apply using the Admissions menu within the Memorial Self-Service at <https://apply.mun.ca/>

## TUITION AND FEES

For tuition and fees information please visit: [mun.ca/become/graduate/tuition-fees-and-funding/](https://mun.ca/become/graduate/tuition-fees-and-funding/)

## PROGRAM STRUCTURE

This program recognizes that fisheries science is a broad discipline that is applied in nature and requires a high degree of skills to be done well. Students will gain practical skills through coursework while developing their theoretical understanding through supervised research and through their interactions as an active participant within the scientific community. Students will also be exposed to the depth of the field of fisheries science through lab meetings, reading groups and guest lectures.

## PROGRAM AT A GLANCE

### PROGRAM LENGTH

---

**12 CREDIT HOURS OF COURSE  
WORK + THESIS**

### COURSE LOAD

---

**FULL TIME OR PART TIME**

### START DATE

---

**SEPT, JAN, MAY**
