

MASTER'S DEGREE

TECHNOLOGY MANAGEMENT

ENGINEERING TECHNOLOGY AND
APPLIED SCIENCE

ONLINE

PROGRAM DESCRIPTION

The Master of Technology Management (Engineering Technology and Applied Science) is an innovative program, the first of its kind in Canada. This online program provides professional development opportunities for busy, working professionals engaged in a variety of engineering technology and other technical and non-technical professions.

The program provides the knowledge and skills necessary to effectively manage complex technical operations, deal with the challenges and dynamics of innovation-driven industries, and strategically consider issues encompassing the management of engineering technology.

MARINE INSTITUTE

ADMISSION REQUIREMENTS

Admission to the program is on a competitive basis.

To be considered for admission to the Technology Management (Engineering Technology and Applied Science) program, an applicant will normally possess a second class or better undergraduate degree from a university of recognized standing and will normally have:

- Appropriate technology sector and business management course work; and
- A minimum of two (2) years' relevant employment experience
